Toxicity QUESTIONNAIRE

INTEGRATIVE WELLNESS ADVISORS

The Toxicity Questionnaire is a short self-assessment that will help you determine how toxic your body is now, based on the symptoms or conditions you're experiencing. This is your toxicity score "base case."

You may find it helpful to take this questionnaire again every 1-3 months to determine what (if anything) has changed. This comparison will give you valuable information about how your body is reacting to changes in your diet and lifestyle over time.

Respond "yes" or "no" to each question (keep in mind: "maybe" counts as "yes") based on your experience for the past 60 days.
